

REMARKS

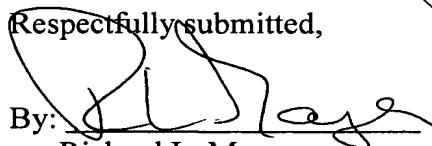

Applicants respectfully submit a complete listing of the claims above. Claims 15 to 21 are now pending. Applicants respectfully request consideration of those claims and Applicant's earlier filed Amendment.

As discussed above, Applicants responded to a Notice of Noncompliant Amendment which did not express that the claims were deficient. A second Notice indicated the new grounds for noncompliance. The new grounds dealt with the claims; accordingly, Applicants submit above the complete listing of claims. Applicants respectfully request withdrawal of the Patent Office's first Notice. No new matter has been added to the claims.

Applicants believe that its application and claims are in condition for allowance. And, allowance and issuance of the present application is respectfully requested.
